

PENN HIGHLANDS GYNECOLOGY

From your first period through menopause and beyond, women’s unique health needs are best served through experienced and compassionate gynecological care. Penn Highlands Gynecology specializes in women’s health care, offering routine examinations and testing starting with adolescent gynecology patients’ first well-woman visit. These may include clinical breast exams, Pap smears and HPV testing, as well as referrals for mammograms and other screenings.

Our board-certified gynecologists, women’s health nurse practitioners and staff are committed to providing the comfortable, personal care you deserve, and value the relationships they have with their patients.

COMMON TREATMENTS AND PROCEDURES INCLUDE:

- Cancer screenings
- Cervical cancer
- Gynecological cancer
- Menopause management
- Ovarian cancer
- Senior women’s care
- Women’s health services
- Women’s preventive care and screenings
