

CONCUSSION CLINIC

Penn Highlands Orthopedics and Sports Medicine

WHY A CLINIC?

There is marked increase awareness in the short- and long-term effects of sustaining a concussion. Penn Highlands Orthopedics and Sports Medicine provides quick access to coordinated multidisciplinary care that can improve patient management and outcomes. The Concussion Clinic at Penn Highlands Orthopedics and Sports Medicine enables providers to better manage their concussed patients.

HOW IT WORKS.

If a patient presents with a suspected concussion, please call 724-379-5802. We will connect you with someone who will arrange and set up the appointment for the Concussion Clinic.

Shane Hennessy, DO, sports medicine physician, treats concussions and concussion-like symptoms, working closely with his patients, local high school athletic trainers (if the patient is a school athlete) and physical therapists to expedite recovery.

WHO IT'S FOR.

Anyone who has a suspected concussion can be directed to the Penn Highlands Orthopedics and Sports Medicine Concussion Clinic, such as:

- School athletes
- Non-school based athletes (*youth football, Little League, soccer, wrestling, gymnastics, etc.*)
- Occupational
- Elderly
- Weekend warriors
- Accident victims

GOALS

- Quick access to comprehensive expert care.
- Patient and family education.
- Comprehensive management of concussion treatment.
- Responsible return to work or play.
